EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney H. Fricke on June 16, 2004.

2. The application has been amended as follows:

In the Claims:

Claim 7, replace the whole claim as

--A process for cathodically electrocoating electrically conductive substrates which comprises the steps of immersing the substrates in a bath of the waterborne cathodic electrodeposition (CED) coating agent of claim 1 and cathodically electrodepositing a film on the substrates.--

3. The following is an examiner's statement of reasons for allowance: Because

the prior art references do not disclose a waterborne cathodic electrodeposition coating composition comprising the recited bismuth complex as claimed in claims 1-6 and in a process for cathodically electrocoating electrically conductive substrates which comprises the steps of immersing the substrates in a bath of the waterborne cathodic electrodeposition (CED) coating agent containing the recited bismuth complex as claimed in claims 7-11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
